

# Guaranteed Accounting Program 4+1

## Guaranteed Accounting Program 4+1

GAP4+1 is a fast-track pathway program designed to bridge the gap between the demand for a new generation of accounting/finance and tax professionals and the number of graduates prepared to enter the workforce. A bachelor's degree in business administration (with a concentration in accounting) provides students with a variety of career choices, including financial management, corporate accountant, auditor, financial analyst, tax accountant, and more. Only a select group of students will be admitted into this program each year.

## Get There Faster With GAP4+1 In Just 5 Years Compared To 6.5 Years!\*

- Complete all undergraduate general education requirements during the first two years at IVC at \$10,000 overall cost savings.\*\*
- Transfer to CSUF for the final two years, earning a Bachelor of Arts in business administration with a concentration in accounting.
- Earn the opportunity to enter the Master of Science in your choice of finance and accounting, tax or accountancy at CSUF.
- Build relationships with accounting professionals, which provide opportunities for internships and future employment.

\*Based on CSUF data on the time to complete a bachelor's degree.

\*\*Based on 2014-15 tuition (in-state undergraduate and mandatory fees only).
